

Simple collaborative lessons for Microsoft Schools.

Simple Sign In

Sign in with an Office365 education account.

Build

Build lessons using your OneDrive files such as word, PPT, excel & OneNote files.

Multimedia

Add YouTube videos, images, weblinks, PDFs & embedded code to the lesson timeline.

Add Students

Invite contacts directly from Microsoft Teams.

Classroom Control

Maintain control of your class. Be notified when a student is not following your lesson, lock screens & give students certain privileges.

Real-time Features

Simple real time features such as polling, whiteboarding & 'all eyes on me'.

Share

Post the lesson into Microsoft Teams.

Analytics

See how long students review self-paced lessons & in what order.

Get In Touch

We offer free online training & demo's, Monday - Thursday 9am - 5pm. Contact us today.
