

ProColor 490 Touch Table

Touch technology and cooperative learning are brought to life with the brilliance of our 4K resolution touch table. With the included MimioMobile™ Team application, up to four students can work on interactive lessons and perform assessments.

Collaborative learning and assessment become even more engaging and effective on our touch-enabled table. The ProColor touch screen table allows multiple students to work together for cooperative learning as teachers assist and guide to gain a better understanding of students' comprehension. What's more, the height-adjustable table makes learning accessible to all students.

- **MimioMobile Team*** included **FREE** with the ProColor touch table, extending the power of your MimioStudio™ classroom software.
- **Up to 12 touch-points**, allowing students to move, zoom, rotate, and draw in interactive activities with precision and ease.
- **Classroom-rugged** with spill-resistant, anti-glare glass and touch technology that eliminates interference from sleeves and arms.
- **Height is adjustable** (29 in. to 36 in.) to accommodate multiple chairs or students of various heights and needs.
- **Can be used as a stand-alone system** with the included plug-in i5 Windows PC with Wi-Fi.

Multiple ProColor touch tables can be supported in a single classroom. Students can work collaboratively in groups of 1–4 at the same table.

MimioMobile Team—so easy to use and engaging, your teachers will use it every day.

With MimioMobile Team, students can work on individual MimioStudio activities on the touch table and teachers can share any combination of the students' work on the front-of-the-class display. Students get greater collaborative and cooperative learning, and teachers can perform real-time assessment for a more in-depth understanding of their students' comprehension.
